Virginia School Personnel

The Virginia School Personnel rate is a reduced tuition rate for school personnel employed full-time in grades K-12 in Virginia Schools.

The reduced tuition rate is applicable only to the in-state portion of tuition. For example, Virginia School Personnel who reside outside of Virginia would receive the reduced tuition rate on the in-state portion of the tuition and the student would be responsible for the full amount of the additional out-of-state tuition charge.

To receive the Virginia School Personnel reduced tuition rate, please complete the form hosted by the Graduate School:

[K-12 Reduced Tuition Request](#)

Full-time employment in a Virginia school must be verified by the school system and the form returned to the Graduate School for processing. Submission of the form is required each academic year to receive the reduced tuition rate (fall semester through summer semester).

Student Budget (Cost of Attendance)

The Student Budget, also known as the Cost of Attendance (COA), is the *estimated* amount it will cost a student to attend Virginia Tech (VT). This budget varies based on different factors such as enrollment, program of study, residency, and housing options. Each budget includes estimated direct costs (charged by VT) as well as indirect costs (estimated educational expenses not charged by VT). Direct costs may include tuition, fees, food, and housing charges while indirect costs include transportation, personal expenses, books, course materials, supplies, and equipment.

The components included in the summer term are based on the combined summer terms enrollment and will vary based on each student's enrollment. The summer COA listed below is based on a 12-credit hour schedule. Students can find more information on the Cost of Attendance at <https://finaid.vt.edu/undergraduate/coa.html> or find their own personalized COA through HokieSpa. Contact the Office of University Scholarships and Financial Aid or use our chatbot if you have questions.
