

Graduate Comprehensive Fee Payment Plan

Graduate students on an assistantship contract may pay their comprehensive and commonwealth and equipment fees through the Graduate Comprehensive Fee Payment Plan. The plan is available during the fall and spring semester at no cost to students, with a new application required each semester, and allows small miscellaneous charges, such as medical clinic and software fees, up to the plan maximum (approximately \$200-500, depending on residency) to be included. Enrollment in the plan is possible after an eligible student has registered for classes and had their tuition remission entered in the Banner system by their hiring department. The projected debit amount and remaining debit dates will be displayed during the enrollment process. Debit dates correlate with university payroll dates.
