The reduced tuition rate is applicable only to the in-state portion of tuition. For example, Virginia School Personnel who reside outside of Virginia would receive the reduced tuition rate on the in-state portion of the tuition and the student would be responsible for the full amount of the additional out-of-state tuition charge. To receive the Virginia School Personnel reduced tuition rate, please complete the form hosted by the Graduate School: [K-12 Reduced Tuition Request](#). Full-time employment in a Virginia school must be verified by the school system and the form returned to the Graduate School for processing. Submission of the form is required each academic year to receive the reduced tuition rate (fall semester through summer semester).

*Some graduate programs are charged different tuition and fee rates, that are not reflected in the cost of attendance chart above. These differences in tuition and fees are reflected on each cost of attendance in the financial aid portal for each student, based on the specific program of study. Differences in enrollment, campus location, and duration may impact individual budgets as well. Refer to the Bursar Tuition and Fee chart for additional fees not reflected in the above estimated COA.

** The COA for first time graduate students at Virginia Tech includes a computer component since a computer is required for all VT programs.

***Direct Loan fees are only assessed to students who use Federal Direct Loans during the academic year.

Student Budget (Cost of Attendance)

The Student Budget, also known as the Cost of Attendance (COA), is the *estimated* amount it will cost a student to attend Virginia Tech. This varies based on different factors such as program of study, residency, and housing options. Each budget includes estimated direct costs as well as indirect costs. Direct costs may include tuition, fees, food, and housing charges while indirect costs include transportation, personal expenses, books, course materials, supplies, and equipment. Students can find more information on the Cost of Attendance at <https://finaid.vt.edu/undergraduate/coa.html> or find their own personalized COA through their HokieSpa. If students have higher costs, there are certain components that students may appeal to increase the budget. More information on this appeal options can be found at <https://finaid.vt.edu/appeals/cost-of-attendance-appeal.html> .
